The Bulletin

Norwich, Tuesday, March 8, 1910.

VARIOUS MATTERS

Country roads are drying up.

These are busy days about the gar-
ages.

There was thunder and sharp light-
ning early Monday morning.

This is the season for the rearrange-
ment and re-engagement of choirs.

Rabbits, Easter eggs and chicks
are appearing in the window displays.

Shopping for spring needfuls
brought many women to town on Mon-
day.

A springlike day like Monday in-
creases the number of visitors to the
new park.

The New York sportsmen's show
this week will prove an attraction for
visitors from this section.

Polish societies are honoring this
week the memory of Louis Kosuth, the
famous Polish patriot.

Nelson Lee Mabrey opened the boat-
ing season by paddling from New
London in his canoe on Saturday after-
noon.

The White Ribbon Banner for March
contains an interesting summary of W. C.
T. U. work in Norwich, and of the
activities of the Y's.

Government health officers are
starting an investigation to deter-
mine the standard of ice cream, in
order to reach manufacturers who
adulterate their product.

In the magazine section of the
Springfield Sunday Republican, Miss
Charlotte M. Holloway of New London
had an interesting story entitled The
Parson of the Fleet Prison.

An impostor calling himself A. P.
Seaman has been collecting money
from teachers in the larger cities,
claiming to be an agent for the art
edition of the Stoddard lectures.

The early blooming pansies are
larger and finer than those blossom-
ing in the heat of midsummer. Seeds
sown in late February or early March
will give plants ready for the garden
in April.

Claude C. Russell of New Haven,
formerly of Norwich, is coming into
prominence as a speaker for the state
board of education and is announced
to address the teachers of Beacon
Falls March 15 on Language-Teach-
ing.

Halley's comet may easily be found
now with a telescope. It may be seen
about 7 p. m., almost directly west
and about ten degrees below and a lit-
tle north of Saturn. It sets directly
at the west at 7:30 p. m. It cannot be
found with the naked eye.

A new law makes it illegal to burn
brush, weeds, grass, or rubbish of any
kind in the open air, anywhere in the
state, outside the limits of a city or
borough, or on land controlled by rail-
road companies, without first obtain-
ing a permit from a forest fire warden.

In a few days the new dining room
annex to the Hotel Griswold at East-
ern Point will be finished and within
two weeks the annex to the hotel and
all alterations will be completed. The
new addition to the dining hall will
seat about 100, making the entire seat-
ing capacity close to 300.

When the 1910 census is taken per-
sons who were single on April 15 are
to be reported as single, even though
they have married subsequently and
before the canvasser has called. This
is true, similarly, of persons who be-
came widowed or divorced after April
15.

The annual ball of Division No. 2,
A. O. H., takes place in the Armory
St. Patrick's night, March 17. Mil-
ler's orchestra has been engaged to
play. Tickets, admitting gentleman
and lady, 75 cents; extra ladies, 25c
each. Tickets admitting lady unac-
companied by gentleman, 50c each.—
adv.

A high mass of requiem was cele-
brated Saturday by Rev. D. R. O'Don-
nell in St. Mary's church, New London,
for William Welsh, who died in Nor-
wich Thursday. The bearers were
James T. Sexton, James Farrell, Rich-
ard Pendergrast and Patrick Murphy.
Burial was in St. Mary's cemetery,
New London.

AT BROADWAY THEATER.

Vaudeville and Motion Pictures.

One of the best bills of the season
is offered this week at the Broadway
theater and full advantage of the ex-
ceptional talent is being taken by the
public, who manifest their great pleas-
ure throughout the entire entertain-
ment by bursts of applause.

There is a troupe of acrobats known
as the Marcello trio which gets won-
derous applause for the clever work
they hand out. There are two women
and a man and they present a lively
number to the crowd's enjoyment.
Somersaults, forward and back, snap-
backs and double turns are all cleverly
executed, while the foot juggling of
the young woman by the man is a dif-
ficult bit of work.

Roland Travers, the up to date il-
lusionist, is one of the best ever seen
here. He has a line of new tricks
which mystify. He is a clever manip-
ulator and all are smoothly and cleverly
presented. His disappearing acts
are surprise parties for the audience.
In one trick he disappears in a cabi-
net on the stage and almost instantly
appears at the back of the theater.

Kennedy & Vincent in their comedy
sketch stir up much fun and keep the
audience in the grips of the humor.
Jorge as the Yankee Doodle comedian
introduces a new line of stories and
songs and closes with some classy
dancing. The usual pictures prove
an interesting feature of the enter-
tainment.

Essays All in.

The prize essay contest conducted
by the Ancient Order of Hibernians
closed on Monday night and the es-
says which have been received from
the school children of the city will
now be in the hands of the judges.
The announcement of the three prize
winners will be made at the annual
St. Patrick's night ball, and the three
prize winning essays will be printed in
The Bulletin the next morning.

PERSONAL

Mr. and Mrs. Timothy Sullivan of
Los Angeles, Cal., are visiting rela-
tives on Starr street.

Miss Fanny Brown has returned after
a two weeks' visit at New Lon-
don, Naantic and Ashaway, R. I.

Mrs. Ellen E. Tibbets and two chil-
dren, Nellie C. and Grant E., are ill
at their home near Trading Cove.

Mr. and Mrs. Herbert Lerou of Ma-
ple street have returned from spend-
ing a few days in Providence, the
guests of Mr. and Mrs. Charles Coates.

Contractor Archibald Torrance is in
Portland, Me., for a few days with his
sister, Mrs. Robert Braun, who re-
cently underwent an operation for ap-
pendicitis.

Mrs. W. R. Stanton and grand-
daughter, Ada Russell Stanton, of
New London have arrived home from
a two weeks' visit with relatives in
this city. They were accompanied
home by Mrs. Stanton's mother, Mrs.
H. A. Starr, who will make an extend-
ed visit with her daughter.

Miss Elizabeth Randall has been the
guest of Mr. and Mrs. Gerard L. Par-
ker of Brookline, Mass.

Mrs. Henry Harland, who has been
the guest of Mrs. Thomas Harland of
Norwich Town, has returned to New
York.

Mrs. William A. Aiken of Washing-
ton street spent Sunday in Worcester,
Mass., with Mr. and Mrs. Alfred L.
Aiken.

LOCAL COMMANDS IN

NATIONAL ARMY OF DEFENCE

Order Creating First Division In-
cluding Militia of New York and New
England.

The outgrowth of the combined man-
euvers and encampments of the
regular troops with the national guard
has been the issue of a general order
by the secretary of the Army of Defence.
This includes all of New England and
the state of New York. The purpose
is to have the regulars and militia
organizations within that division or-
ganized into a permanent force cap-
able of being used as a unit in any
great emergency.

In the case of the First division the
headquarters will be at Pine Plains,
N. Y., where the annual encampments
are to be held. It is the purpose, ul-
timately to create eight other divisions,
comprising the entire territory of the
United States.

Assistant Secretary Oliver announ-
ced today the complete success of the
department's plan for having a twin
battery of coast artillery for every one
of the national guard heavy artillery
organizations. The regular army twin
is charged with educating the guards-
men.

FUNERALS.

Mrs. Everett N. Griswold.

At 10:30 o'clock Monday morning the
funeral of Mrs. Everett N. Griswold
was held from her late home in Brook-
lyn, N. Y., where her death occurred on
Friday at the age of 64 years. The
burial was in Stamford.

Mrs. Griswold was formerly a resi-
dent of this city, her maiden name be-
ing Julia G. Powelson. Her first hus-
band was Frank Simpson of the firm
of Simpson & Dixon of this city. After
her second marriage she went to
Stamford to live and later went to
Brooklyn, where she died.

Her immediate family. She leaves be-
sides her husband three brothers, one
of whom is John H. Powelson of this
city, and four sisters, Mrs. Abbey of
England, Mrs. Parks of New Jersey,
Mrs. Miller of Stamford and Mrs.
Mitchell of Bridgeport.

Richard Hoey.

At 10:30 o'clock Monday morning at
the Immaculate Conception church
Baltimore the funeral of Richard Hoey
was held and a solemn high mass of re-
quiem was celebrated by Rev. P. H.
Smith of Brooklyn, N. Y. Rev. John
Smith of Rockville being deacon and
Rev. M. J. Lynch of Baltis sub-deacon.
Rev. T. J. R. Kelly of Montville was
master of ceremonies. The clergy-
men were in attendance: Rev. Arthur
O'Keefe, Taftville; Rev. Father Reddy,
Newport; Rev. D. Donnelly, Occum;
Rev. James J. Smith, Rev. W. A. Kane,
Norwich; Rev. John Fleming, Willi-
amantic and Rev. U. Bellerose, Waure-
gan. The pallbearers were James H.
Duffy, Patrick C. Duffy, Hugh Duffy,
all of Webster, and first cousins of the
deceased, Dennis Coughlin, Dennis Hines
and George Brennan, all of Baltis.
Relatives were present from Webster,
Willamantic, Putnam, South Framing-
ham, Rockville, Brooklyn, N. Y., and
Montville.

The choir of the Holy Family of
Baltimore and soloists rendered by
Arthur Roy and Mrs. John Wood, who
sang Omeritus and Pace to Face, re-
spectively. The body was taken to
Taftville and from there sent to North
Webster, where it was placed in a re-
ceiving vault. There were many pres-
ent. The burial offerings were hand-
some.

One Foot-

One Yard

One foot with a big, hard corn on
it will make some people's face a yard
long.

A corn is not a pleasant companion
to travel in. In spite of the fact that

Smith's

Korn Killer

will positively remove corns there are
people who will put up with them.

Don't let it be you. Use Smith's

Korn Killer.

Wants Sewer Assessment Abated

**John Donovan Claims that the Council Did Not Act with-
in Its Rights in Building Sewer and Taxing Adjoin-
ing Property Owners—More Brick Pavement Wanted
in Main Street—Engineers Want an Ordinance—
Other Petitions.**

All the members of the court of com-
mon council were present for the
March meeting Monday evening. Mayor
Lippitt presiding. The reading of the
Journal was unanimously omitted.
The monthly report of the street de-
partment showed the expenditure of
\$14,498.88, which was approved, as was
the monthly report of City Treasurer
Peck.

On the petition of Angelo Coville the
public works committee recommended
a crosswalk southerly of the point in-
dividing North Main street and the
committee will decide on the location.
It was approved.

More Brick Pavement.

George O. Stead and 97 others asked
to have included in the estimates for
the next city meeting the estimated
expense of paving with brick to match
those already laid in Main street that
section of Main street from Rose place
to the westerly side of Shetucket street.
It was referred to the finance commit-
tee.

George E. Pitcher and five others
asked that the northwesterly side of
Division street between Oak street and
the southerly side of the property
of Julius Grochowski be fenced off and
maintained until the street is repaired
there and put in proper condition, and
that the clerk be directed to record the
petition in full that it might appear on
record. As regards the fence, it was
referred to the finance committee and
the clerk was directed to place the full
petition in the Journal.

George E. Pitcher, engineer for Som-
ers Bros., in their behalf called at-
tention to the fact that their petition
for a grade in front of their property
in North Main street was referred to
the public works committee in 1908,
but has been no report. He asked that
it be now given to a special com-
mittee.

Alderman Stetson stated that the
public works committee has been try-
ing to find out where the street line is
at that point for two years, and he
moved that the matter be referred to
a corporation counsel, which was
done.

John Donovan Objects.

Ex-Street Commissioner John Dono-
van petitioned the council to abate the
assessment made against him at the
February meeting of the council for the
construction of a sewer in Roath street.
He gave at length the reasons for
asking for the abatement, the peti-
tion reading: You have no legal right
to make any assessment on property
owners abutting said sewer, for the
reason that no detailed estimate had
been made, no authority given your
honorable body by a city meeting to
construct said sewer as required by the
amended charter of the said city of
Norwich, and that the said assess-
ment is in violation of the provisions of
the amended charter.

He referred them to com-
mon council records in similar cases
to show what courses were pursued
then as follows: Common council Jour-
nal, page 32, petition to amend char-
ter, April 12, 1874; page 64, September,
1874, wait on School street; page 20,
June 26, 1876, Franklin street sewer;
page 111, Oct. 4, 1878, Franklin street
sewer; page 119, Oct. 31, 1878, special
city meeting; page 89, Dec. 19, 1877,
Franklin street brook; page 167, May
21, 1878, estimates to be published;
page 182, May 21, 1878, appropriations
for board of water commissioners, also
estimates to be published as required
by the amended charter.

He also called attention to the rules
of order adopted by the council in re-
gard to committees making contract
unless authorized by the charter or the
laws of the city. Part 4 of the ordi-
nance provides that the street com-
missioner shall render to the council
monthly a full account of all expenses
incurred in the discharge of his duties
of his office, the number of men
employed and wages they worked, the
amount of wages paid to each and on
what street, sewers, public grounds,
etc., and the work has been per-
formed and the nature and extent of
such work. This ordinance has not
been complied with, therefore I re-
quest your honorable body to order
to abate the assessment made against
my property on Roath street. It was
referred to the corporation counsel.

Engineers Want Ordinance.

F. L. Chapman and many other en-
gineers of this city, as well as en-
gineers from other cities, have been
petitioning the council for the passage
of an ordinance regarding stationary
engines, to prevent the destruction
of life and property in the event of
an accident, and the transmission of
steam as a motive power. The ordinance
desired is as follows and was referred to
the finance committee.

An Ordinance

Section 1.—No person shall be an
engineer or fireman or shall have
charge of, or operate any steam boiler
or engine, in the city of Norwich, for
a period exceeding one week, who shall
not have a license certificate author-
izing him to have charge of, or oper-
ate, such engines or boilers, from the
board of examiners hereinafter con-
stituted.

Sec. 2.—The mayor shall, within 90
days after the passage of this ordi-
nance, appoint a board of examiners,
consisting of three members, one of
whom, at least, shall be an en-
gineer and has had ten years' ex-
perience in the operation of steam
boilers and steam engines, who shall
hold office for a period of two years,
or until their successors are appointed
and shall grant the license hereinafter
provided for, and serve without pay.

Sec. 3.—Before any person shall be
employed as an engineer or fireman of
any such steam boiler or steam en-
gine, or shall have charge of, or oper-
ate any such steam boiler or steam
engine, he shall make a written appli-
cation to the board of examiners, on
blanks furnished by them, for the
license, hereinafter mentioned.

Sec. 4.—The fee for examination of
applicant for license shall be one dol-
lar to be paid to one of the members
of the board of examiners at the time
the application for a license is made.
The fee for each renewal of license shall
be one dollar, payable upon applica-
tion, in like manner. All fees thus
received by any members of the board
of examiners shall be paid over to the
city treasurer.

Sec. 5.—Licenses shall be granted
according to the competency of the
applicant as determined by his exami-
nation, and shall be classified as fol-
lows:

First class.—Conferring upon the ap-
plicant the right to have charge of and
operate any stationary engine and
boiler or boilers, whatever the horse-
power of the same may be. Second
class.—Conferring upon the applicant
the right to have charge of and oper-
ate any stationary engine or boiler or
boilers not exceeding one hundred and
fifty horsepower. Third class.—Con-
ferring upon the applicant the right
to have charge of and operate any
stationary engine or boiler or boilers
not exceeding fifty horsepower. Fourth
class.—Conferring upon the applicant
the right to have charge of and oper-
ate any stationary or portable boiler
or boilers.

Engineers holding second or third
class licenses may act as assistant en-
gineers in a plant of any capacity,
providing the man in charge holds a
license to cover the plant.

In computing horsepower under any
of the provisions of this ordinance ten
square feet of heating surface in a
boiler shall be equivalent to one horse-
power.

Sec. 6.—Such licenses shall continue
in force for one year from date of their
issuance, provided, however, that the
board of examiners may, upon written
charges, after notice and hearing, re-
voke the license of any person who
shall be known to have been guilty of
fraud in passing the examination, or
who has become insane, or who has
become addicted to the excessive use
of intoxicating liquors or drugs, or
who is deemed to be unfit to discharge
the duties of a stationary engineer or
fireman.

Sec. 7.—Any license issued under the
provisions of this ordinance shall be
renewed annually for other like terms
of one year upon application of the
holder in writing therefor, made with-
in the last thirty days prior to the ex-
piration of any such one year period,
without examination. The board of
examiners may, however, for any cause
set forth in section 6, and after due
hearing, refuse to grant any such re-
newal.

Sec. 8.—Every engineer or fireman
who shall receive a license shall, when
employed about a steam plant, place
his certificate of license, which shall
be framed under glass, in a conspicu-
ous place about the engine or boiler
room, where it can be seen at all times,
and any neglect to comply with this
provision by any engineer or fireman
shall be deemed to be a misdemeanor,
and upon conviction thereof he shall be
subject to a fine of not exceeding five
dollars or the revocation of his
license, or both, in the discretion of
the board of examiners.

Sec. 9.—No person shall be eligible
to examination for a license unless he
furnishes proof that he has been em-
ployed about a steam boiler or engine
for a period of not less than two years
prior to the date of application, which
must be certified to by at least one
employer and two licensed engineers.

Sec. 10.—Any engineer or fireman
who has been employed as a steam
engineer or fireman in the city of Nor-
wich for a period of five years in one
plant prior to the passage of this or-
dinance, and who files with his appli-
cation a certificate of his employment
for the past five years, shall be ex-
empted from the provisions of section 9.

City Treasurer Peck's summary of
receipts from May 17, 1909, to Feb. 15,
1910, follows:

	Receipts	Disbursements	Unexpended Balances
City	\$2,651.70	\$2,651.70	
Police	231.10	231.10	
G. & E. dept.	111,166.37	111,166.37	
Dept. of cemeteries	4,832.79	4,832.79	
Do, T. fund int.	1,335.50	1,335.50	
Sewer assessments	1,978.71	1,978.71	
Loans	110,000.00	110,000.00	
Share of city	126,755.48	126,755.48	
Sprinkling Sta.	2,236.69	2,236.69	
Court house	2,245.91	2,245.91	
Licenses	24.00	24.00	
Miscellaneous	1,035.34	1,035.34	
Gen. sinking fund	19,000.00	19,000.00	
G. & E. sink. fund	22,126.50	22,126.50	
G. & E. reserve	6,000.00	6,000.00	
	\$436,377.44	\$444,201.08	

City Treasurer I. L. Peck gives the following summary of disbursements
from May 17, 1909, to Feb. 15, 1910:

	Disbursements	Unexpended Balances
Dept. of Public Works—		
Ordinary street expenses	\$29,000.00	\$24,921.71
Garbage and ashes	6,000.00	4,515.92
Sewers and catch basins	4,000.00	2,175.43
Macadam repairs	2,000.00	1,996.71
Street sprinkling	6,500.00	6,416.01
Parks and trees	1,000.00	894.26
